

# Income Tax Fundamentals 2012 Solutions

Learn what you need to know before filing your personal or professional tax return, and get tips on tax planning. Income inequality in the United States is the extent to which income is distributed in an uneven manner among the American population. The inequality has increased significantly since the 1970s after several decades of stability, meaning the share of the nation's income received by higher income households has increased. The saying goes, "death" and "taxes" go together. However, you can take advantage of some tax breaks to minimize the income tax arising on death. The lower the tax the greater the funds available to your heirs! They will thank you for undertaking some of these tips. Undertaking estate planning sounds ominous. Salient select income fund invests in a portfolio of senior securities and high-income equities primarily issued by real estate investment companies. Financial statement analysis fundamentals, techniques & theory 2 – chapter two © 1995–2012 by National Association of Certified Valuators and Analysts (NACVA). Economic inequality covers a wide variety of topics. It can refer to either income distribution, measuring the amount of money people are paid, or the distribution of wealth, which captures the amount of wealth people own.
